THRILLING FINISHES IN RACES FURNISHED SPORT FOR CROWD

Whipping Finishes Were Popular and Grand Stand Well Filled

THE CARD FOR TODAY IS A MOST EXCELLENT ONE

Two-ten Pace Will Bring Out the Best Horses Now In Training in the State—Band to Furnish Music

The second day's racing at the Lamar County Fair Grounds attracted a much larger crowd than on the day previous, and those attending were well pleased with the afternoon's entertainment.

The track was faster than on the opening day, and with the added work that was done, should be in excellent condition for the big events today. Three races are carded for this afternoon—nine heats—with the probability of more heats, as was the case yesterday, when it required an additional heat to settle the question of superiority.

The races this afternoon promise the best sport of the meet, as the best and fastest horses at the track will be started. The classes are faster, which will insure faster racing, and more competition. The roads leading to the grounds have been receiving constant attention, and are in good shape for the heavy traffic that is expected this afternoon. The biggest crowd of the three days is confidently expected to be in attendance today, and some ideal sport is on the cards for those who are in attendance. The jitney drivers, so far as the News was able to learn, held to a charge of 25 cents for the trip to the grounds yesterday which is fair enough and will help considerably in the matter of attendance.

Some Real Thrills.

Yesterday's races provided some real thrills and there were some lively brushes, especially in the 2:22 trot, which required four heats to decide. Under the Union Association trotting rules where three horses each win a different heat, the fourth heat is necessitated, which was the case yesterday. Pat C won the fourth heat handily.

The finishes in several of the heats were close and exciting, bringing the crowd up standing, and evoking a lot of applause for the winners. The band came in for a share of applause during the afternoon and their playing was enjoyed by the crowd. The band will be on deck again this afternoon, and furnish music before the races and during the intermissions between heats.

Starter Ed Mayer had a big field to contend with yesterday in the 2:20 pace, having to start them in tiers, but he finally got them away in a satisfactory manner. The 2:22 trot also caused the starter a bit of trouble, as the boys were all anxious to get away to a lead. The genial "Cap" worked with them until he got them off in good shape however.

The judges were C. P. Johnson, presiding; A. Allison and Joe Graham. Official timer, H. R. Cox, assisted by Phil Wise and C. R. Allen.

The 2:20 Trot.

Pat C was the class of the 2:22 trot. It required four heats to determine the winner, The Stroller winning the first heat, Josephine Wilson the second and Pat C the third and fourth.

In the first heat there was a lot of scoring before the horses were gotten away and Pat C worried himself down. In fact, he caused most of the trouble in starting. The Stroller led most of the way but it was largely because Pat C was tired and Josephine Wilson broke at the turn and was never able to catch up.

In the second heat Pat C went to the quarter in handsome style; but Josephine nailed him there and went to the front; The Stroller made a strong bid in the stretch but was not quite able to do the trick. Anna was third. Pat C broke at the head of the stretch and a claim of foul was made but the judges did not allow it.

The Stroller led to the half in the third heat and they were whipping as they passed the stand the first time Pat C laid in third place for three-quarters and then went to the front with a rush. They finished so closely that the judges had to separate them and declared Pat C first, Anna second, The Stroller third.

In the fourth heat Pat C walked around; Josephine made a strong bid and went through without a break but could not get past the bay gelding. The Stroller trailed all the way and finished strong.

The 2:20 Pace

It was a big field of pacers which starter Mayer had on his hands. The scoring became tiresome before he finally go t them away to a fair start. A lot of them were wearing hopples and a couple of them had cues strapped on. Doubtful showed in front as the field went under the wire, but tired and finished absolutely last. Bonita Ideal showed as the class of the field and was well handled, winning the first heat with Pearl James second and Irish Lad third.

Jim McBean had everything his own way in the second and third heats. Burgess shoved him along at a good clip but he was never in any trouble. Argot King did excellently well, finishing third in the second heat and second in the third heat. Irish Lad made a strong bid for honors in the second heat and got second money; but could do no better than fifth in the final.

Bonita Ideal was first called for a scratch in the third heat; having been hurt in the second; but she appeared on the track, made a strong race and finished third.

The 2:14 Trot.

It was Lucky Huse and Foote in the 2:20 trot. Foote laid up the first heat, which was taken by F. C. W; but the other two were processions, Lucy leading from wire to wire. In the third heat F C W made a strong bid for the honors at the head of the stretch but could not quite make it.

There was much applause for the beautiful black mare and her driver as they passed the stand; and it was quite evident that both horse and driver are popular in Paris.

The Summaries:

2:20 pace:—			
Jim McBean	6	1	1
Bonita Ideal	1	9	3
Argot King	4	3	2
Irish Lad	3	2	5
Pearl James	2	5	6
Princess Patchen	7	4	4
Clifford Hoyt	5	7	8
Doubtful	9	6	9
James Henley	8	8	7

Time: 2:19¼, 2:19¼, 2:19¾.

2:22 trot:—				
Pat C	2	5	1	1
The Stroller	1	2	3	3
Josephine Wilson	5	1	4	2
Anna	3	4	2	.
Golden Rusk	4	3	5	.

Time: 2:19¼, 2:20, 2:19½, 2:21¼.

2:14 trot:—			
Lucy Huse	2	1	1
F C W	1	2	2
Seminole Chief	3	3	3

Time: 2:20, 2:16¼, 2:16½.

Today's Entries.

2:10 Pace

1. Argot Pointer, b. g.; W. R. Steele, driver; W. R. Steele, Paris, Texas, owner.

5. Romeo Wagoner, br. s.; C. C. Meyers, driver; Mrs. Nellie Meyers, San Antonio, owner.

FAIR FEDERATION HOLDS CONFERENCE

Six Cities Represented In Meeting To Arrange Program For Fall Events

A meeting of the Federated Fair Association, or rather the Texas Cotton and Oil Racing Circuit, was held in this city yesterday afternoon, at which there was a good representation.

Of the various towns comprising the circuit Greenville, Paris, Shreveport, Eastland and Clarksville were represented in person, while the other members of the circuit, Abilene and San Angelo, were represented by proxy.

A racing program, to embrace the entire circuit, was agreed upon, and other attractions were settled upon or contracted for. This season promises to be a banner one for the Association in all departments. The racing will be better, a better class of horses having been entered for the various events. The liberal purses offered have attracted attention of horsemen all over the country, and the entry lists will be large.

The amusements, or attractions, will be the best that can possibly be secured, and nothing but strictly first class attractions will be booked. These county fairs are growing with each year, and since its organization some years ago the association has made most notable advances.

The agricultural and industrial exhibits have increased with every year while the live stock and poultry departments have advanced in a manner that is most gratifying. These fairs have been the means of improving and increasing the stock raising and agricultural industries and this season seems to be the one to break all records.

President Caldwell is very optimistic in regard to the coming fair. He believes the people appreciate the efforts the Lamar County Fair Association has made, and will continue to make, and it is his firm belief that the day is not far distant when Lamar County Fair will be right on the heels of the Dallas fair as a drawing card, and along other lines.

The handsome new exhibition building, which will be completed in ample time for the fair this fall, will be one of the nicest structures in this part of Texas, at least, and it is only one of the many permanent improvements that the association has in mind for the future.

Taken Sick On Visit.

Mrs. Taylor of Marshall was reported very ill yesterday at the home of her daughter, Mrs. Wardell, on East Austin street. She was taken sick while here on a visit.

WILSON FORCES IN FULL CONTROL OF THINGS AT FRISCO

Bryan Arrives and Insists Dry Plank Must Be Inserted

FRIENDS OF IRELAND ALSO HAVE DEMAND TO PRESENT

Permanent Chairmanship Not Yet Settled but Walsh and Robinson Are Most Talked Of.

By The Associated Press:

San Francisco, June 25.—So far as surface indications were concerned, at least, the friends of President Wilson and his administration appeared in complete control of the political machinery of the democratic party today, as the actual preliminaries of the national convention began.

Their domination was not without its complement of grumblings and complaints among scattering insurgent elements, but there was every evidence that on a showdown the anti-administration forces not only were far in the minority, but were lacking in organization and leadership.

The acendency of the Wilson supporters showed itself in striking fashion in the program for the national committee, meeting to decide between contesting delegations. Many committeemen expressed the opinion, when a recess was taken until tomorrow without the Georgia contest or the Missouri case being reached, that the ruling to be made in those cases would be shaped to keep out of the convention Senator Reed of iMssouri, and former Senator Hardwick of Georgia, two of the bitterest critics of the Wilson policies.

Another development pointing in the same direction was the apparent collapse of a fight against Senator Glass of Virginia, in his candidacy for chairman of the resolutions committee, a post for which he is commonly reported to have been selected by the president himself.

The Cards Against Bryan

In addition there was accumulating evidence that William J. Bryan would find the cards against him in his attempt to put into the platform a league of nations plank in disagreement with the president's views and a prohibition enforcement plank framed without the acquiescence of the administration. With regard to prohibition, however, the situation remained in a state of considerable uncertainty with the trend apparently toward exclusion of the subject from the platform entirely.

Those who want a liberalization plank continued an active campaign and some members of the New York delegation declared they would carry their fight to the floor of the convention itself, but a feeling gained headway that in the end both Mr. Bryan's bonedry declaration and that of the anti-bone dry's would be voted down.

Just where President Wilson stands on that subject has not been made clear, but increasing significance was attached in the day's conferences to the absence of any reference to prohibition in the Virginia democratic platform, unqualifiedly endorsed by the White House.

Neither has the administration tipped its hand in regard to the presidential candidates, and tonight the relative standing of aspirants remained apparently unchanged. Attorney General Palmer arrived during the day to take personal charge of his campaign and by tomorrow the gunning of candidates and their managers among the uninstructed delegates is expected to be at its height.

Those who originally had suggested a fight against Senator Glass for the platform committee chairmanship apparently had turned their efforts tonight toward selection of Senator Walsh of Montana as permanent chairman of the convention. Senator Walsh, who quit President Wilson's lead in the senate in March to vote for the treaty with reservations, heretofore was urged as the logical opponent of Senator Glass.

It was said tonight that the administration chiefs had reached no decision as to the permanent chairmanship, and that in the end they might accept Senator Walsh without a contest. There also was talk of selecting Senator Robinson of Arkansas for the place.

The trend for no plank at all on prohibition apparently had its greatest support today from some of those previously counted on to support a liberalization plank.

GEO. H. JAMES APPOINTED MIDLAND STATION AGENT

Geo. H. James, a well known and popular employee of the Texas Midland, has been appointed station agent at Paris to fill the vacancy caused by the resignation of B. L. Aldis, who has accepted a position with the Southland Cotton Oil company. The change will become effective July 1.

Mr. James has lived in Paris twenty-six years and has been in the employ of the Texas Midland for seventeen years. All of his experience in the railroad service has been with the Midland. He is at present an extra passenger conductor.

It has not been customary to take a man off the road and put him in charge of a station, but Mr. James' case is an exception. There isn't a man in Paris who has more friends than he, and they will all be gratified to see him promoted.

Damage Very Slight.

W. M. Hall of Caviness stated that he and J. A. Hanes of Emberson went down in Sanders creek bottom yesterday morning to examine crops that were overflowed this week, and that they decided they were damaged very little.

MEN OF AARON CLUB HAVE GOOD SUPPER

Members of Bonham Street Methodist Church Getting Their Building Completed Rapidly

The men of the Aaron club of the Bonham Street Methodist church got together Friday evening and had fried chicken and ice cream and other Methodist fixings. It was the first time that lights had burned in the new church building, now in course of construction, and there was much congratulation over the fact.

T. H. Fisher presided as the head of the club, and there were several invited guests.

Rev. Mr. Curry congratulated the club upon its accomplishments and introduced the presiding elder, Rev. S A. Barnes, who was highly complimentary to the Aaron club. He declared that there is need in the Methodist church for just such organizations to get the men together and to keep them busy in church affairs. He was certain that the Aaron club would be the forerunner of numerous other clubs and that eventually there will be a real brotherhood within the church, accomplishing things which are now neglected or not properly attended to.

Harry T. Warner of The Morning News said that he regarded the church and its activities as being a matter of news seven days in the week and not merely a brief notice on Sunday or Monday. The News is always at the service of the churches of Paris in their undertakings.

Mr. Curry in calling upon Mr. Fisher gave a brief story of the organization of the Aaron club, and attributed its organization and success to the work of Mr. Fisher.

In his response the latter declined the personal credit; and said that it was the growth of the sentiment of the men of the church that they could through such an organization benefit the church, their section of the city and themselves. They gladly do all they can toward completing the magnificent church building; but they found through organization that they can accomplish even more than they thought they could.

With the completion of the church there will be impetus for the more rapid growth of West Paris; and Bonham street, already lined with handsome homes, will be a boulevard.

There has been a response upon the part of the men of the church to the call of the Aaron club; and he felt that the members were being richly repaid for their interest in it.

The ladies of the church who prepared the supper were given warm thanks for the food was well prepared and of that style of home cooking which has made famous the housewives of the Methodist church.

YOUTH FROM DETROIT BORROWS SHERIFF'S AUTO

When Sheriff Clarkson came down to his office after supper last night he left his automobile on the south side of the courthouse and when he went to get it between 8 and 9 o'clock it was gone.

Thinking that it had been stolen he telephoned to officer s at Greenville, Hugo, Bonham, Clarksville and Cooper to be on the lookout and also notified the police.

It transpired that a sixteen-year-old boy who said his home was at Detroit, had taken the auto for a joy ride. At the Texas and Pacific depot he picked up a negro boy and they rode around town until they succeeded in puncturing one of the tires.

While they were stopped on Clarksville street trying to fix the puncture Officers Whitten and Kuykendall came along. Identifying the auto by the number they took it and the boys to the sheriff. The negro boy was released and the white boy was detained.

PARIS YOUNG MAN OBTAINS LICENSE UNDER NEW LAW

Dewey Lawrence, who has been attending law school for the past three years, has the distinction of being the first Lamar county boy to pass the examination under the new board appointed by the supreme court, under act of the last regular session of the legislature.

The board in commenting on his papers took occasion to compliment them very highly, especially in view of the fact that only a very small per cent of the applicants have succeeded in passing the examination under the new regulatiions.

Mr. Lawrence states that he expects to make the law his profession and will enter upon the practice in Paris, having connected himself with Judge Tom L. Beauchamp, as an associate.

ABANDONED HORSES WERE FROM MONKSTOWN

Sheriff Clarkson learned yesterday that the two horses that were ridden by three negroes to a point north of Emberson and abandoned last Monday morning belonged to a merchant and farmer at Monkstown, Fannin county, named Barnes. Mr. Clarkson received a letter from Mr. Barnes giving a description of the horses that fitted them exactly. He also said that two negroes disappeared from Monkstown the same time the horses did.

Is Slightly Improved.

It was reported yesterday that County Commissioner J. F. Wharton was still very ill at his home north of Blossom, but that there was thought to be a slight improvement.

Oklahoma Couple Married.

A. A. Autrey and Mrs. Lina Calrom, a couple from New Wilson, Ok., were married by Justice of the Peace Jay Hall in his office yesterday afternoon.

WEST VIRGINIA IS WORKING FOR DAVIS AT SAN FRANCISCO

Declare His Strength Will Show After The Leaders Fail

PLATFORM PLANKS ENOUGH TO START A LUMBER YARD

California Delegation Will Banquet Delegates and Committeemen From Western States.

By The Associated Press:

San Francisco, June 25.—The West Virginia delegation arrived tonight, and went aggressively to work for the nomination of its favorite son, John W. Davis, the American ambassador to Great Britain. His strength they declared would become apparent after the opening ballots had demonstrated that none of the leaders could be nominated.

Governor John J. Cornwell, who will make the nominating speech, issued this statement:

Why Davis Could Win.

"Davis would be an ideal candidate for many reasons. He is one of the most forceful speakers and debaters in America. His great ability is universally admitted. His character could not and would not be questioned. There are no antagonisms. No objections could be urged except that he is a democrat. The public is in no mood to vote for or elect any man merely because he is a candidate of any certain political party. This is not a politician's period. A man to win this election must face the rising and not the setting sun. He must stand, not only for the right, but be able to make the people understand him. Davis would be able to do that."

Plans for a banquet to be given tomorrow night by the California delegation to delegates and national committeemen of western states and territories were laid at a meeting of the California delegation today.

Problems peculiar to the west are to be discussed and an effort will be made to obtain unity of action upon them.

Oakland Mole, arrival point for democratic national convention delegates, who poured in by the hundreds today, looked more like a lumber yard than a passenger depot. So many platform plank suggestions arrived with the delegates that their special trains clattered like fast freight lumber-trains.

Flood of Resolutions.

A rough estimate indicated that it would take the resolution committee a month, sitting twenty-four hours a day, if it planned to give all the suggestions a full hearing.

Delegates whiled away the journey hacking and sawing at language they thought would look well in the party's bill of particulars. They hammered and banged away at every subject under the sun and had no time for scenery.

Hand baggage and trunks were loaded down with home-brewed planks prepared before the political voyagers embarked for the golden west.

Wet and Irish planks were in the majority, but no subject was slighted.

Where delegates themselves had not prepared a few thoughts for consideration by the official platform makers, representatives of some associations, league or committee, or other propaganda outfit, promptly filled in the breach.

CITY LAKE FILTERS ALMOST COMPLETED

Mayor Crook Thinks They Will Be Put Into Service Within Four Or Five Days

Mayor J. M. Crook stated yesterday that the work of installing the filters out at the city lake, which was delayed for some time on account of failure to receive the shipment of sand, had now been in progress several days under the direction of the engineers.

He said that new laterals were now being laid, that the old pipes were being torn out, and that the gravel and sand were being put in.

The gravel consists of three layers of rock, each layer being four inches deep and the rock being of different sizes, the lower layer being the coarsest, with the big rock at the bottom, and the second and third successively finer. There are thirty-two inches of sand on top of the layers of rock.

The mayor stated that the filters that are being installed are the Roberts filter, the same that has been in use all the time, and which is said to be the best made, but it is remodeled and everything on it is new.

He said that plans had been made by the Fort Worth engineers and about completed for another settling basin. With the old basin remodeled and another being built he thinks they will be adequate to take care of the water all right.

The life of a filter, he said, was three or four years after which they had to be worked over but it was not a hard job when the material that goes in the filters can be obtained.

The mayor stated it as his belief that the filters would be in operation within the next four or five days. He said that one of them would be completed today.

To Preach at Ambia.

Rev. W. D. Mountcastle of Paris will occupy the pulpit of the Presbyterian church at Ambia at 11 o'clock tomorrow.

DANGER OF STRIKE AVERTED FOR TIME

Labor Board Announcement That Award Will Be Made By July 20 Given As Cause

By The Associated Press.

Chicago, June 25.—Decision on the demands of railway employes for wage increases will be announced on or before July 20 by the railway labor board, Judge R. M. Barton, chairman, announced in a statetment today. The award, he said, would be retroactive to May 1.

W. G. Lee, president of the Brotherhood of Railway Trainmen, and leader of union men gathered here today, said this announcement would end all danger of a general strike.

Mr. Lee said that secret plans had been made by a disaffected union element, to spread the strike throughout the country because of the continued delay in announcing the wage ruling.

"The men would have quit at midnight tomorrow night," Mr. Lee said.

"It was impossible to hold them longer. Men of my organization have been waiting patiently for nearly a year."

The railway board's statement declared that an arrangement on a method of working out the wage problems had been reached and that no time would be lost in reaching a conclusion.

EVANGELIST TAYLOR SEES FULFILLING OF PROPHECY

"The signs of the end are very numerous, and may be seen or heard in Paris any moment of the day", declared Evangelist Taylor in his lecture at the Bible Chautauqua last night. "Daniel the Prophet", he continued, "dealt very minutely with the time of the end, which according to his prophecy, began about 1798, as shown by Napoleon's defeat at St. Jean D'Acre. (Dan. 11:40.)

Mr. Taylor then spoke of the wonderful increase of knowledge of the past century as a direct fulfillment of Dan. 12:4. The telegraph and telephone, the threshing machine, airplanes, locomotives and automobiles, all have their place in the direct fulfilment of prophecies of the last days. He asserted that every glare of the headlights, every honk of the klaxon, and every sound of the locomotive, should be a solemn warning to every thoughtful person that we are living in the time of the end.

He closed by admonishing his hearers to be ready for the coming events by having their faith anchored safe within the vail.

Mr. Taylor will continue his study on the signs in his lecture Sunday night, developing from the Lord's own prophecy the very generation that will see the Lord come.

MANY FRIENDS PRESENT AT MRS. CONNOR'S FUNERAL

The funeral of Mrs. E. S. Connor, which was held at the family residence on Pine Bluff street at 3 o'clock yesterday afternoon, conducted by Rev. B. E. Wallace, was attended by a large number of the friends of the family, many of whom were among the oldest residents of the city. There were a great many floral offerings from friends. The sons and sons-in-law served as pallbearers.

PROPOSED INCREASE IN FREIGHT TOO BIG

Thorne Estimates Present Demand Would Be Burden Twice As Great As War Tax

By The Associated Press:

Washington, June 25.—The billion dollar freight increase asked by the railroads of the country is approximately $386,000,000 more than will be necessary to give the six per cent standard return guaranteed by the transportation act, Clifford Thorne, representing shippers, estimated today at the general rate hearing before the interstate commerce commission.

Presenting arguments to support his contention, Mr. Thorne said the "book value" of $20,600,000,000 used by the roads in computing the return was excessive by several billion dollars.

Mr. Thorne estimated that an increase in freight revenues of 18 per cent instead of 27.85 per cent asked by the carriers, would give the roads sufficient income to meet the six per cent standard return. Mr. Thorne told the commission that if all the present demands of the railroads for increased rates and their employes for increased wages were granted the increased transportation burden on the American people would be more than $2,000,000,000, or twice as much as the total annual tax burden occasioned by the greatest war debt in the nation's history.

The employes, he said, are asking for wage increases of $1,000,000,000, and if granted the roads again will have to ask for increased rates as wage advances are not covered in the present application of the carriers.

A Fine Catch Of Bass.

Maud Hall and Bruce Dodson of Caviness spent a few days on Cloudy and Cedar creeks last week and caught all the nice bass they wanted.

Made a Cotton Sale

Robert and Sam Harvey of Milton sold twenty bales of cotton in Paris Thursday for 41 cents to be delivered at Blossom.

WOMEN DECIDE DRY PLANK NOT NEEDED IN THE PLATFORM

Approve President's Stand For Peace Treaty and League

ADOPT PLANKS SUBMITTED BY THE LABOR COMMITTEE

Advocate Abolition of Child Labor and Favor Eight-Hour Day With Wages on Service Basis.

By The Associated Press:

San Francisco, June 25.—The women members of the executive committee of the democratic national committee today decided to recommend that no reference be made to the prohibition question in the platform to be adopted by the convention. It was also agreed to recommend that President Wilson's stand on the peace treaty and league of nations be approved.

The following planks submitted by the labor committee of the women's bureau of the democratic commission, Mrs. Robert Bruce Bruere, New York, chairman, were adopted:

For Collective Bargaining.

"We affirm the right of collective bargaining between employers and employees through representatives of their own choosing. We approve also the national industrial councils established by employers and employes within the various industries, the finding of which shall have the effect of ordinary collective agreements, but not of judicial decisions subject to compulsory enforcement.

"We insist on the abolition of the labor of children under fourteen years and that children between fourteen and eighteen shall be permitted to work only after passing examinations by local schools and health authorities, assuring proper standards of health and education.

"We re-affirm our belief in the principles of the democratic platform of 1916 and again urge the general adoption of the eight-hour day.

"We believe that wages should be put on the basis of service, not of sex and that minimum wages should be fixed which will insure to all wage earners a proper standard of efficiency.

Power Over Food Industry.

"We urge that the federal trade commission be given greater powers over the basic food industries of life.

"We advocate the development of a national system of employment offices under control of federal and state boards, to meet the problems of seasonal requirements of agriculture. We urge the organization of a voluntary labor corps for harvesting, with transportation subsidies.

"We advocate the extension of development of the bureau of women in industry, established by the democratic party in the department of labor. We also urge the appointment of women on all government boards and tribunals dealing with industry and labor.

"We recommend the protection of womanhood and infancy according to the best modern experience."

A resolution urging the establishment of a department of education with a cabinet officer at its head was also adopted.

PREMIER OPEN AIR CONCERT CHAMBER COMMERCE BAND

The first of the summer night concerts of the Chamber of Commerce band was thoroughly enjoyed by several thousand of the people of Paris; and there was real enjoyment. The compliments for Conductor Lightfoot and his musicians were numerous and sincere.

The program was rendered in excellent style and the band is to be congratulated upon its attainment in the way of musical accomplishments.

The program consisted of popular numbers—patrols, marches and overtures, and the crowd could and did thoroughly appreciate it.

Chief Harrel and his force are to be complimented upon the manner in which they handled the traffic. They were rather overwhelmed at first; but they got control of matters within a short time and thereafter there was order and the proposition could have been handled in no better shape.

The management of the street car company is due a vote of thanks from the thousand of patrons of the concerts for the courteous manner in which the traffic situation was handled under all the circumstances. The cars were stopped at the edge of the Plaza during the concert; and they were on hand at the conclusion of the concert to handle such numbers as could be handled in one load.

W. W. WILSON SELLS HIS BIG STORE AT FORT TOWSON

W. W. Wilson of Fort Towson Ok., one of the wealthiest Choctaws in that state, who has been engaged for several years in stock-raising, banking and merchandising, has sold his big department store at Fort Towson, the purchasers being men who live in Texas and who own a chain of stores.

The purchase price was said to have been in the neighborhood of $100,000. Between 300 and 400 acres of valuable land in Hunt county near Royse City was said to have been taken in part payment in the deal.

License Issued.

A marriage license was issued yesterday to Tommie Broom and Miss Ida Mae McMahon.

THE WEATHER

East and West Texas: Saturday, partly cloudy.

THE PARIS NEWS

Published by North Texas Publishing Company.

Every Morning Except Monday

Office, North Main Street, Opposite Court House

Entered at the Postoffice at Paris, Texas, as second-class mail matter.

Notice to the public: Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publishers.

If You Don't Get Your Paper.

Please make a complaint about it. The Morning News is making strenuous and continuous efforts to have the paper delivered every day and on time. If there is no complaint we do not know that there is ground for it.

Authorized Collectors.

Authorized collectors for the Paris Morning News are Reagan Hurt, bookkeeper; J. W. Cannon, advertising solicitor; Harry R. Cox, advertising solicitor; Frank R. Humphrey, city circulator, and David Hodges. Payments should be made to no one else.

Political Advertising.

All political advertising matter will under the statute be marked to designate that it is being paid for.

Puffs and boosts for candidates whether written by themselves or friends, will be charged for at the rate of 10 cents a line counting six words to the line.

All political advertising of whatever character will be collected for at time presented for publication. No bills will be made. This rule being made applicable to all can give no offense to any.

The same rule will apply to State, district and county applicants for office.

THE GALVESTON SITUATION

The troops are still in Galveston and the freight is moving out but slowly. In the meantime the city government has assumed the attitude that it will back up and support its policemen; and the special policeman who has been upheld by the city authorities is a man who told one of the dock workers that Galveston "will be a safer place for thieves than for non-union men", when the troops are withdrawn.

That portends excitement when the governor does withdraw the troops. But at the same time it gives the clew to the business men of Galveston to proceed to make their city safe for all those who wish to work without regard to whether or not they belong to a labor union.

The business men of Galveston have heretofore been compelled to enter politics and to oust a city government which was not in sympathy with efforts to upbuild the community—and they did it successfully.

There are indications it will be done again.

When a few men or one man—for there are cities in Texas which are still under the boss rule and where one man holds the reins controlling the entire activities of the municipal authorities—gain too much power they should be and usually are overthrown.

In Galveston there is one man who has the whole of the authority, in reality. He has not been chosen by the people! he controls the men who have been elected. It is time that his power was broken; and there is ever indication that it will be.

Boss rule is intolerable autocracy.

THE LAMAR COUNTY FAIR

Who is the best farmer in Lamar county? Without doubt, the man who makes his living on the farm through his own exertions and comes nearest to doing without outside assistance.

That man, whoever he may be, is entitled to credit. He should be made prominent and held up as a worthy example. The Lamar county fair, to be held in September, is a fitting time for a celebration in his honor. He should be pointed out as the man who will lead the way to a real prosperity, and one which will keep the wheels of commerce turning all the time.

Not only the farmers but the people of Paris should be getting ready for the fair. It has grown, under the wise leadership of the directors who have had it in hand, until it is one of the best county fairs in the State of Texas. This is conceded by the gentlemen who assembled in Paris Friday and who are experts in the matter of fairs.

Support for the fair means support for the things which are the foundation of the wealth and prosperity of Lamar county.

THE WATER PROBLEM

In The Morning News of Sunday there will be a brief review of the water situation of Paris. In that review it is stated that the water problem has been, for Paris, a real problem ever since the founding of the city. It has perpetually been sidetracked and set aside for less important matters.

By "less important" is meant any and everything which will interfere for a moment with the solution of the problem.

Nothing is so important as water.

Without water we perish—and bad water merely intensifies the agony.

Look at the stuff which is coming from your hydrant today.

Is that the sortof water which will add population to Paris?

Will that sort of water bring new industries, increase the value of your property, enable you to pay the taxes which are demanded by district, municipality, county, State and Federal government—and then special taxes on top of that?

LITTLE BOY DIED FROM ATTACK OF TETANUS

William, the nine-year-old son of Mr. and Mrs. C. H. Thompson, died early last night from an attack of tetanus, after a brave fight made by the boy and physicians for more than a week. The funeral will be held Sunday afternoon, the hour to be announced later.

When William broke his arm about ten days ago the many friends of the family offered sympathy but none of them thought that the accident would have a fatal end that would bring incurable grief to his parents and sorrow to the hearts of everyone who knows them. The sympathy of the entire city will go out to the family in their irreparable loss.

Sour belching and a burning sensation in the throat is a symptom of indigestion, and indigestion leads to diseases that are serious. Take Prickly Ash Bitters, it corrects the digestive trouble, purifies the stomach and bowels and makes you feel good. Price $1.25 per bottle. R. J. Murphy, special agent.

PATTONVILLE CITIZENS ENDORSE MR. M'DOWRA

We, the following citizens of the Pattonville community, the home of our esteemed representative, Hon. R. L. McDowra, desire to say to the voters of Lamar county that at the time we voted for him we did so because we knew him to be a man of honor and ability and that in all measures presented to the legislature he would weigh the evidence and pass impartially on the same, in favor of the whole people. And that he has such a high sense of honor that no special class or combine of people could swerve him from the path of duty, and farther having known him as we do, we believe we are in a better position to know him and to say whether he represents the people of Lamar county, than a man recently from Houston. That he himself being a farmer, and one who has been reasonably successful, would be more interested in the farming interest and is better qualified to represent us than The Chamber of Commerce, The Paris Morning News or The Dinner Horn or the Deport Times, all combined.

In recognition of his ability, the speaker of the house of representatives and a candidate for Governor, after having been associated with him through the regular session and two called sessions, selected him out of a membership of one hundred forty-two as a man especially qualified for chairman of the committee that investigated the pink boll worm.

We wish to further state that in the regular session of the Thirty-Fourth legislature. That Hon. R. L. McDowra represented us then, and laid aside personal ambition and introduced a bill, and through his influence it was passed, setting aside our state tax for the purpose of rebuilding our court house and jail. We wish to ask those who say he does not represent us, who was he representing then, and if this one act alone is not of sufficient merit to place us under lasting obligations to him.

We commend him for the most enviable record that he has made and ask that the voters fully investigate his record before casting their ballot.

W. H. CHASTAIN

Candidate for County Judge.

In announcing my candidacy to the democratic voters of Lamar county for the position of County Judge, I am aware of the responsibilities assumed by the man who attempts to fill the office, I am also confident from my years of experience in County affairs that I can render effective, efficient service to the entire citizenship of Lamar county.

Taxation, a question always urgent in the minds of the people, has reached the unthinkable rate of $1.62 on the $100 and the indications are that the end is not in sight, and that with an increased valuation of taxable property. The science of Government is that as the valuations increase the rate should decrease.

In the minds of constructive forward looking people, our county is now in a critical stage, as regards progress and permanent improvements in the matter of a system of permanent roads for Lamar county, the construction of which has been provided for by issue and sale of bonds, requires the best thought coupled with unanimous and harmonious action of those charged with the prosecution of such work. Without question the construction and improvement of our roads is needed; the people provided the money months and months ago.

And the people now expect it to be pushed vigorously to a speedy finish. There are various other public questions of importance, which I shall not take the space to discuss in this announcement but to which I will refer from time to time as the campaign progresses, chiefly the enormous expense to the tax payers of Lamar county, and the futility of the cattle dipping business; and another unnecessary delay and expense in the manner of conducting our courts.

In view of the above conditions, if elected by the people of Lamar county I promise my heartiest support and co-operation with the commissioners court and the road board of the county and will do all in my power to assist and make a way possible for them to accomplish the things which the people of Lamar county demand. After a careful consideration if you believe me capable of serving you in these matters and if on the 24 day of July, 1920, you decide by your vote in my favor, no living man can appreciate your support more nor try harder and more earnestly to serve you more faithfully and efficiently.

Yours for service,

W. H. CHASTAIN.

Little Stories for Bedtime

Baby Possum Has An Idea.

By THORNTON W. BURGESS.

Baby Possum sat all hunched up on a branch of the black birch tree crying because he was lonesome and afraid. He was afraid just because he was lonesome, and he was afraid too, that Shadow the Weasel might find him and Reddy Fox had said that Shadow the Weasel would gobble him up.

The tears ran down to the end of Baby Possum's sharp little nose and fell one by one in little shiny drops down to the ground. Suddenly Baby Possum remembered something. He stopped crying and began to think. Every time he had started to climb down the black birch tree when the fine gentlemen in red had been sitting below, Baby Possum had seen a funny little fellow with long ears stick his head out from behind a big pine tree and shake his head until it seemed as if he would shake it off.

Baby Possum didn't know who the fine gentleman in red was, and he didn't know who the funny little fellow with long ears was, but somehow he felt that the funny little fellow with long ears was a friend. So each time when the latter had shaken his head Baby Possum had climbed back to the safe, snug little hollow in the black birch tree.

As he thought of all this Baby Possum looked in the direction in which the fine gentleman in red had gone. He was nowhere to be seen. Then Baby Possum looked over to the foot of the big pine tree, but the funny little fellow with long ears was not in sight.

"Ah wonder", said Baby Possum to himself, "ah wonder if that funny fellow who shook his head at me is still behind that tree. He seemed to want me to stay up here and—and perhaps Ah'd better."

Just then he noticed that a branch of the tree in which he was sitting touched a branch of another tree, and that a branch of this other tree touched a branch of the big pine behind which the funny little fellow with long ears had been hiding. Baby Possum had an idea. He would climb into the next tree and from that into the big pine tree, and then perhaps he could surprise the funny little fellow with long ears and find out why he shook his head so much. Baby Possum wiped away his tears and his eyes began to sparkle.

Very carefully Baby Possum crept out along the branch leading over into the next tree. He held on with his hands and his feet and his tail. And sometimes he held his breath. In the same careful way he climbed from the other tree into the big pine. Then he drew a long breath and looked down. Sure enough, there at the foot of the tree, lying flat on his stomach, was the little fellow with long ears. Somehow Baby Possum didn't feel lonesome any more.

All this time the fine gentleman in red, who as of course you know, was Reddy Fox, was hiding behind the thick young hemlock tree. He was watiting there for Baby Possum

Very Carefully Baby Possum Crept Out Along the Branch.

to come down. You see, Reddy Fox meant to have Babby Possum for his dinner. Now, from where he lay Reddy could not see the branch of that black birch tree that led over to the next tree. Reddy had closed his eyes just for a minute, and when he opened them Baby Possum who had been sitting all hunched up on a branch of the black birch tree, had disappeared.

"He's gone back into his safe, snug little hollow, but pretty soon he'll grow tired of that and will come down", thought Reddy Fox.

So he stretched himself out more comfortably, and waited and waited and waited.

Why You Should Save Your 1920 Dollars

—in value a dollar is measured by what it will buy—the 1920 dollars buy so little that far-sighted people realize the wisdom of saving them until their purchasing power increases.

—then, too, dollars are more plentiful today and most of us can save a few each month to put where they will not only increase in value but also in number by earning a substantial rate of interest.

—and your rainy day may come in 1950. Be ready for it with your savings in the

Lamar State Bank & Trust Co.

BLOOD WILL TELL

If YOUR blood tells a tale of depletion and run-down condition, MAKE it tell a tale of health and the joy of life; by the use of Dr. Thacher's Liver and Blood Syrup; which purifies and vitalizes the Blood, regulates the Liver, keeps the Bowels open and tones up the whole system. Sold by your druggist.

Mrs. Tennie Parker, of Santeetlah, N. C., says: "I was sick 13 years. Had numb spells, my feet and hands cold, pain in my left side; not able to do anything. I tried several doctors. One said I had heart trouble and was liable to drop dead any time. So I quit doctors and began taking 'DR. THACHER'S LIVER AND BLOOD SYRUP.' It has cured me—I am well now and able to do all of my work. My weight is now 145 pounds."

"WORTH IT'S WEIGHT IN GOLD," DECLARES FLA. WINTER RESIDENT

Mrs. Rhodes, After Trying Other 6 Medicines Without Success, Finds Relief by Taking Tanlac.

ONLY THING THAT DID HER ANY GOOD

Her Strength Returns, Cough Is Gone and She is Enjoying Better Health Now Than in Years.

One of the most interesting statements yet published in connection with Tanlac was made recently by Mrs Alice Virginia Rhodes, Atlanta Hotel, Tampa, Fla., Mrs. Rhodes, who is seventy-two years of age and whose home is in Boston, Mass., has been spending some time in Florida, and for several years has spent her winters either in this state or California in search of health and to escape the cold northern climate.

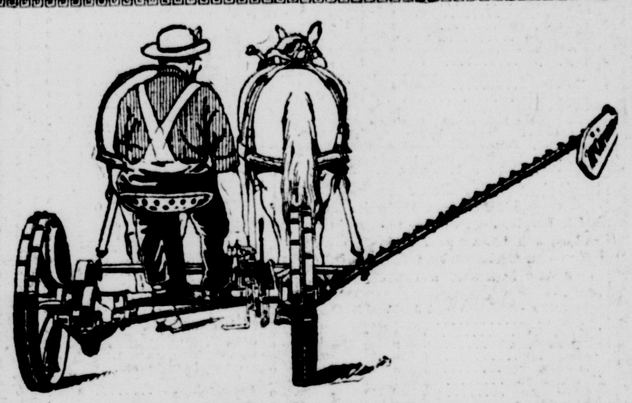

"A little over a year ago," said Mrs. Rhodes, "I had an attack of the 'flu', and was sent to a hospital where no hope of recovery was held out to me. After several weeks of careful nursing, however, I recovered sufficient strength to be sent home, but was in an extremely weak and nervous condition. My nerves were so badly upset that my rest at night was very broken, I would wake up with a start at the least little sound, and I always felt tired and worn on getting up in the mornings. I also suffered a great deal from palpitation of the heart, and was in such a run-down condition generally I decided to spend the winter in Florida for my health. But I failed to regain my strength, and before taking Tanlac

I was so weak I could hardly walk to my meals. To tell the truth I was almost a complete nervous and physical wreck.

"I was constantly trying different medicines without getting any relief until I began taking Tanlac, and now after taking only two bottles of this wonderful medicine I have gained my strength so I can walk almost any distance without even becoming tired. My nerves are as steady as can be and I can sleep like a child all night long. Then, too, before taking Tanlac I had a very troublesome cough, which I am glad to say has entirely disappeared. In fact, I am enjoying better health than I have in years, and I will praise Tanlac as long as I live."

Tanlac is sold in Paris by Mayes Drug Store, in Blossom by J. D. Dickey and Son; in Roxton by City Drug Store; in Howland by K. B. Burgess.

If You Are Easily Tired Out, Your Blood Needs Purifying

Clogged-up Impurities Will Undermine Your Health.

The first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown.

This whole condition is but the result of impurities in the blood that show that nature needs assistance in giving the system a general housecleaning.

Nearly everybody just now needs a few Bottles of S. S. S. to cleanse the system of impurities.

S. S. S. is without an equal as a general tonic and system builder It improves the appetite and gives new strength and vitality to both old and young.

Full information and valuable literature can be had by writing to Swift Specific Co., Atlanta, Ga.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui. . .

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

TWO MORE CIRCUIT CLOUTS FOR B. RUTH

One Was Longest Hit On New York Grounds But Boston Finally Won Game

AMERICAN LEAGUE.

Babe Got Two More.

New York, June 25.—"Babe" Ruth got two more home runs today in the game with Boston, bringing his season's total to 22. Boston won the game, however. Ruth's drive in the first inning went into the centerfield bleachers and was the longest hit on these grounds.

TEXAS LEAGUE.

Corsicana, Texas, June 25.—Dallas defeated Houston in the last game of the first series here today. The split season takes effect tomorrow. The game was played here in honor of Doak Robert's home town

Houston	010 101 110—5	13	0
Dallas	021 102 10x—7	8	3

Buscha and Greenberg; Boatman and Harkins.

Shreveport June 25.—Tommy Taylor held the Gassers to four hits today and Beaumont took the opening game of the series 5 to 1. Hungling with his second home run of the week prevented a shutout. Kroh was hit hard.

Beaumont	003 110 000—5	10	1
Shreveport	000 000 100—1	4	3

Taylor and Stansbury; Kroh and Vann.

Wichita Falls June 25.—San Antonio won the first gome of the series here today 4 to 1. Both pitchers pitched good ball.

San Antonio	111 000 010—4	9	0
Wichita Falls	000 010 000—1	6	3

Stewart and Gibson; Sims and White.

Postponed Game.

Fort Worth June 25.—No game doubleheader Sunday instead.

What is "Spring Fever"

It is simply low Vitality, a lack of Energy caused by impure blood. GROVE'S TASTELESS chill TONIC restores Vitality and Energy by Purifying and Enriching the Blood. You can soon feel its Strengthening, Invigorating Effect. 60c.

SHOES WEAR LONGER

When you walk in comfort; so do stockings. A package of Allen's Foot-Ease, the antiseptic powder to shake into the shoes and sprinkle in the foot-bath, gives you that "old shoe" comfort and saves wear. Allen's Foot-Ease makes tight or new shoes feel easy. Ladies can wear shoes one size smaller by shaking some Allen's Foot-Ease in each shoe in the morning. Sold everywhere.

YOUR OWN INTERPRETATION AS WELL. While the Ampico is primarily a **Reproducing** Piano by means of which its owner may hear at his pleasure, accurate and artistically satisfying reproductions of the playing of distinguished concert artists, it may also be used as a "player piano." A movement of a lever banishes the artist's personality and you are free to express your own interpretation, using the sensitive controls provided for that purpose. The Ampico will play any 88-note roll.

Ampico is here

JORDAN WITHDRAWS AND INDORSES PERKINS

B. I. Jordan, heretofore announced as a candidate for floater, has written Hon. Frank E. Perkins a letter formally withdrawing from the race for floater and stating that "you being the only candidate for said position from Lamar county, I certainly wish you success."

Mr. Jordan also expresses the belief that "you will make the Thirty-eighth district an honest and faithful representative."

Taking Big Chances.

It is too much of a risk to deepnd upon neighbors or sending for medicine in case of a sudden attack of bowel complaint. In almost every neighborhood some one has died from cholera morbus that could easily have been saved had the proper medicine been at hand. Then think of the suffering that must be endured until medicine can be obtained. The safe way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy, a preparation that can be depended upon. Buy it now. It only costs 35 cetns.

We have just unloaded a big line of Goodyear solid and pneumatic truck tires in all sizes. Also a complete line of automobile tires. We can solve your tire troubles satisfactorily.

Osburn Motor Company,
Successors to Lamar Motor Co.

How to Get Rid of Your Rheumatism

If it is a chronic or muscular rheumatism all you need is to massage the affected parts with Chamberlain's Liniment. You are certain to be pleased with the relief which it affords.

ELECTRIC FANS

One for every purpose. All sizes in both desk and ceiling fans. Some real bargains in new and slightly used fans. Call and see them today.

North Electric Co.,

Beauty In Old Age.

You often see a beautiful old lady and she seems to be as happy as she is beautiful, for beauty and happiness depend largely upon good health. Indigestion or constipatoin to a great extent responsible when old age lacks beauty and happiness. This can often be remedied by taking Chamberlain's Tablets. They strengthen the digestion, invigorate the liver and move the bowels. This makes you feel better and look better. Try it. They only cost a quarter.

YOU NEED
PRICKLY ASH BITTERS
To Relieve
Heartburn
and
Indigestion

W. E. Hogue Mfg. Co

Our automobile painting, trimming and varnishing department is at your service. Also new tops, curtains and upholstering. We do acetyline welding. Get our estimates. All work guarnteed. Corner Bonham and 18th streets.

Good For Indigestion

If you are troubled with indigestion take a few doses of Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. You will be surprised when you see how much better you are feeling after taking a few doses of them.

We have just unloaded a big line of Goodyear solid and pneumatic truck tires in all sizes. Also a complete line of automobile tires. We can solve your tire troubles satisfactorily.

HOGS WANTED

I want all the good hogs that I can get between now and July 1. Bring them in. Highest market prices paid. John Waterman.

If you cannot eat heartily without an attack of indigestion, your stomach is weak. You need Prickly Ash Bitters. It is a fine digestive tonic. Besides, it rids the stomach and bowels of the impurities which make you feel bad. Price $1.25 per bottle. R. J. Murphy special agent.

To Hold Meeting at Roxton.

Rev. James R. Todd, a prominent Hvine of Dallas, will begin a protracted meeting at Roxton, starting July 1. A big attendance is expected and much goo derived from the meeting.

Hard work acts unfavorably on the body that is bilious or constipated producing low spirits, weakness and loss of energy. Prickly Ash Bitters is a system cleanser and invigorator. It creates energy, good appetite and cheerfulness. Price $1.25 per bottle, R. J. Murphy, special agent.

Big Silk Sale

Was A Success

Yesterday morning at 8 o'clock the big Silk Sale started off with lots of force. The beautiful taffetas, messalines, georgettes, satins, crepe de chines, and fancy silks of many kinds were included in the sale.

The prices are down, the goods are bright and new. Take a tip from us and supply your needs in silks now.
Sale lasts 10 days—But don't wait too long to buy.

New York Sugar.

New York, June 25.—The local market for raw sugar was a little more active today and prices were about quarter cent lower for Cubas at 17¾c cost and freight. There were sales late yesterday of 50,000 bags of Cubas to New Orleans for August shipment at 17¾c cost and freight and today local operators bought 25,000 bags for second half July shipment and at the same price.
The market for refined was unchanged at 23 to 24 cents for fine granulated. Futures were quieter today with closing quotations 75 to 90 points net higher.

New York Coffee.

New York, June 25.—A firmer tone developed in the market for coffee futures here today. Closing bids: July 14.16; September 13.90; October 13.92; December 13.86; January 13.99; March 14.06; May 14.10.
Spot coffee dull; Rio 7's 14½; Santos 4's 22½@23½. Brazilian port receipts 19,000; Jundiahy receipts 12,000.

Cotton Seed Oil.

New York, June 25.—Cotton seed oil went to new low levels for the season today, and the close was heavy at a net loss of 15 to 37 points. Prime crude 13.50@14.00; prime summer yellow, spot nominal; July 15.37; September 11.26; prime winter yellow and summer white nominal.

New Orleans Rice.

New Orleans, June 25.—Rough rice; no sales; clean rice steady; blue rose 8¼@12. Bran and polish unchanged.

Port Arrivals.

Port Eads, June 25.—Arrived: Cartago, Havana; El Rio, New York; Panuco, Tampico; Sucrosa, Matanzas; Vennacher (Br.) Rowen.

Ford Movie Laboratory Full Sized Industry

One Late Film Pictures Life of Henry Ford

While the production of motion pictures by the Ford Motor Company is only a side line, yet the studio and laboratory which produce the "Ford Educational Weekly" are among the country's finest and most completely equipped. Everything needed to convert raw film into finished pictures by expert motion picture men may be found there.

From this effectively organized picture-producing plant, one hundred and fifty some odd thousand feet of film weekly starts its long journey through the theatres of America, Mexico, Brazil, Chile, Argentine, South Africa, Spain, France, Russia, Scandinavia, Japan, China and Alaska. Each week ten million people see "The Ford Educational Weekly."

It is shown in seven thousand—nearly half—the moving picture theatres in the United States; and has gained for the Ford Motor Company the distinction of having the largest circulation of motion pictures in the world.

A staff of camera men are employed continuously to provide pictures from the laboratory.

One of the most recent films portrays scenes from the Henry Ford home. It shows something of his early life on the farm where he tinkered with machinery when his other work permitted, gives one a glimmering of his early mechanical genius, shows him at work on the first car, and later shows all of the Ford industries in Detroit. The last scene, taken last fall, pictures Mr. and Mrs. Ford riding on their farm near Dearborn, Michigan in the First Ford car, which, incidentally is still in very good running condition.

OUTLOOK POOR FOR HIGH COTTON PRICE

News From English Spinning District and Condition Rejorts Are Bearish In Tone

New York Cotton.

New York, June 25.—An early rally in the cotton market was followed by a renewal of general selling today and new crop months broke into new low ground for the movement. October contracts closed at 32.88, with the general market closing steady at a net advance of 40 points on July, but generally 22 to 30 points lower. New crop months showed rallies of about 20 to 28 points from the lowest on renewed covering. Octobe rcontracts at the low point of the afternoon showed declines of 4 cents per pound from the high price of the month and of 273 points from the high price touched on the high rally of last Saturday.
Demand sterling 3.86¾; 60-day, 3.91¾. Marks 272.

The Only Shade Made With A Ventilator

SELF-HANGING
Vudor
VENTILATING
PORCH SHADES

The New Vudor Self-Hanging Device

enables you to hang a shade in five minutes—not a screw used. The old way of attaching a shade to the porch with screws took twenty minutes or more. With the new Self-Hanging way you can unhook the shade in the Fall—if you wish—and rehang it in the Spring in less than two minutes and this doubles of life of the Shade.

Let us demonstrate the new VUDORS for you.
